Others Present: Bill McHenry, Mike Goddard, Jane Lowell, Kathy Schofield, Janice Muldoon-Moors

6:04 PM - Meeting called to order by Anne Mazar

6:04 PM - Mike Goddard opened a discussion of the Local Historic District Study Committee's recent activities and plans, and asked for questions and comments. The committee foresees establishing a general bylaw and two Historic Districts. Mike asked CPA Historical Preservation funds could be set aside to support historical restoration projects that would restore the facades of the historical buildings, which would benefit all residents and ease the burden of being located in the district. Mike requested a fund be set aside for this purpose that could be drawn from, since it would be hard for people to wait until the town meetings for funding. Dan suggested a 0% interest fund from which residents could borrow. Mike will see what other towns have done and come back to the CPC with more details.

6:24 PM - Kathy Schofield presented a request for funding to get the Olney Cook House placed on the National Register. The Committee decided to resume discussion next meeting.

6:48 PM - Peter Denton moved to adjourn the meeting. The Chair declared the meeting adjourned at 6:48 PM.
