

Money Saving Tips

How much money do you think you spend on Swiffer re-fills? In my house that is history. I have made my own re-useable and washable pads for all the Swiffers (Wet-Jet, Duster, dry mops)

Try this one for your Swiffer dry-mop...it's super easy and quick.

This one for the Swiffer Wet-Jet will take a little more time, but time well spent.

Swiffer Duster pads

Another fast and easy project. Works fantastically!
