The meeting was called to order at 7:08 with Kevin and Vin in attendance in person.

There are no minutes to approve.

The commissioners signed the monthly White Water bill and a bill for supplies to fix items related to the sanitary survey.

The commission reviewed the 3/1 meeting and presentation of the water study. Kevin and Vin were not able to attend. Allan did attend in person. They discussed the next steps. Kevin will email Kim Newman (town administrator) and Jack Hunter (town planner) asking for an update on phase 2 and the next steps.

Kevin also brought up the issue of sewer. The warrant is open and if we want to pursue sewer we should submit the language to add sewer to the water commission's charge. The commission discussed sewer.

Dan reviewed the sanitary survey from the Taft Library. There were no issues. Just some paperwork items to be cleaned up.

The commission discussed Town Hall. Vin asked if we had any numbers on the treatment system yet. Dan said McLure is working on it and we should have more info soon. They just submitted the final application with test results yesterday. They are now working on the design of the treatment system. We will have a number by the May town meeting.

The commission discussed the water rates. Hopedale has posted a hearing for 3/9. Dan to reach out to Tim for more info. All agree we will have to match Hopedale's rates.

The meeting was adjourned at 7:40pm.
