

# TOWN OF MENDON

The Mendon Police Department is proud to announce the launch of our new CodeRED community notification system to send important alerts and time-sensitive messages to residents. Along with emergency and critical messages, the CodeRED notification system will also enhance community engagement via the release of important but non-emergency information such as:

- **Road Closures**
- **Trash Collection Schedule Changes/Delays**
- **Snow Plow Schedules**
- **And Other Services**

## **CodeRED Key Benefits**

Registration for this notification service is **FREE** and customized, allowing residents to choose which alerts they'd like to receive, as well as their preferred method. CodeRED will deliver several benefits for residents and will allow us to more efficiently manage and distribute notifications before, during and after emergency and non-emergency events.

Residents can select several different alert methods including:

- **Home Landline**
- **Cell Phone**
- **Email**
- **Text Message**
- **TTY**
- **Or Even a Combination**

These alerts can be specific to streets, neighborhoods or regions, so individuals within affected areas are sure to receive relevant information.

Now is a good time to Register, Update, or Review your CodeRed contact information, which is secured and is never shared with anyone.
