

# MOBILE FOOD ESTABLISHMENT (M.F.E.) APPLICATION AND REQUIREMENTS

### Guidelines and Requirements for obtaining a M.F.E. Permit

Due to the increasing popularity of Mobile Food Establishment and Food Establishment events, the Board of Health has prepared this packet of information for M.F.E. vendors seeking a Food Permit to operate in the Town of Mendon.

As you know, mobile food establishments offer a wide assortment of foods through a variety of ways – from simple push carts to full-service mobile food operations. We have intended for this guide to be as comprehensive as possible to cover these various operations, so while it may seem cumbersome to address all aspects of the application process, please know that we will work with you to obtain compliance and to make your mobile food establishment a success while it operates in town.

We ask that you complete the entire application. Incomplete applications will take longer to process and may delay your ability to participate in a town event. Please do not hesitate to contact us with your questions.

Inside this packet you will find:

- 1. Mobile Food Establishment Guidelines, Expectations and Requirements
- 2. Application Checklist
- 3. Application for Mobile Food Establishment Permit
- 4. Mobile Food Establishment Layout Plan
- 5. REAP Attestation Form
- 6. Workers Compensation Affidavit
- 7. Establishment Inspection Checklist
- 8. Event Information
- 9. Sample Servicing Area Agreement
- 10. Compliance/Inspection Checklist

Our top priority is always to protect the public health and ensure food safety in the Town of Mendon.

We look forward to working with you!!

### Mobile Food Establishment Guidelines, Expectations and Requirements

- 1. A permit is required. Permits may be for One-Day or issued Annually.
  - A 1-Day permit allows your food establishment to operate in the Town of Mendon for a 1-day event.
  - An Annual Permit requires submission of a Letter of Consent for use of private property (where
    mobile food establishment will be operating).
- 2. An inspection of the food establishment is required see Mobile Food Establishment Inspection Checklist. Your Food Permit will not be issued until an inspection has been conducted.
- 3. Only the M.F.E. that is inspected by the Mendon Health Agent shall be allowed to operate in Town. No additional M.F.E.'s operating under your food establishment name are allowed UNLESS they are inspected and permitted.
- 4. The M.F.E. operator must notify the Board of Health of the locations (where & when) they are in operation in Town.
- 5. All foods must be from an approved source. Receipts shall be provided to the Health Agent upon request and shall be maintained on/in the M.F.E.
- 6. Water supply must be from an approve source. Water from a private well will not be allowed unless it is approved by a Department of Environmental Protection as a potable water source.
- 7. Mechanical refrigeration is required when the M.F.E. is selling/distributing ready-to-eat potentially hazardous foods.
- 8. All food, equipment, utensils and single service items shall be handled and stored in such a manner to prevent contamination. (Covered, stored in clean containers, and kept 6 inches off the floor)
- 9. **NO FOODS MAY BE PREPARED OR STORED IN A RESIDENTIAL KITCHEN OR PRIVATE HOME.**Exceptions: Non-Potentially Hazardous Foods (PHF) such as cakes and cookies prepared in a **licensed**Residential Kitchen are allowed provided that the M.F.E. applicant is the Residential Kitchen License permit holder and a copy of his/her food permit and Inspection Report is included with this application.
- 10. HANDWASHING FACILITIES MUST BE PROVIDED. Hand-wash sinks must be located in such a way that they are easily accessible. The use of disposable gloved can provide an additional barrier to contamination, but gloves are not a substitute for hand washing.
- 11. Bare hand contact with ready-to-eat foods is not allowed. Disposable non-latex gloves shall be readily available to M.F.E. employees.
- 12. Ice used to cool cans and bottles shall not be used in beverage cups and should be stored separately. Ice must come from an approved source. Use a scoop to dispense ice never use hands. *Ice can become contaminated with bacteria and viruses and can cause food-borne illness*.
- 13. All food equipment must be NSF/ANSI certified.
- 14. The use of crock pots is PROHIBITED. (Slow-cooking may activate toxins that can survive the cooking process.)
- 15. Garbage and refuse shall be disposed of in a sanitary manner. The premises shall be kept clean.
- 16. All trucks shall have walls and floors that are smooth, durable, easily cleanable, and non-absorbent. Floor and wall junctures shall be coved and sealed.
- 17. Food contact surfaces shall be non-toxic, smooth, easily cleanable and free of rust, dents or pitting.
- 18. Hot holding temperature requirement: 135°F or Higher @ all times
- 19. Cold holding temperature requirement: 41°F or Below @ all times

- 20. Thermometers must be present in cold-holding and hot-holding cabinets and be working properly at all times.
- 21. NO SMOKING is allowed.
- 22. A manager certified in food safety MUST be present at ALL times the M.F.E. is in operation. His/her food manager certification and allergen awareness certification must be posted within the M.F.E.
- 23. M.F.E.'s, while operating in the Town of Mendon, must post their food permit.
- 24. The required allergen awareness statement must be posted and visible.
- 25. M.F.E.'s must operate from a licensed commissary or other base of operations which is licensed and inspected by the Board of Health within that town. A Service Agreement AND copy of food permit for the commissary **MUST** be provided with your application.
- 26. M.F.E.'s with no commissary agreement must be fully contained supplied with a 3-bay sink, hand-wash sink, mechanical refrigeration, basically a restaurant on wheels. Food receipts must be provided the day of the event showing date of purchase for food products.
- 27. Straws (if provided) shall be individually wrapped.
- 28. Ice Cream Truck Vendors MUST include your Ice Cream Truck Vending Permit (issued by the Police Department) https://www.mass.gove/information-about-ice-cream-truck-vendors

Phone #:

# **Information and Instructions**

Massachusetts General Laws chapter 152 requires all employers to provide workers' compensation for their employees. Pursuant to this statute, an *employee* is defined as "...every person in the service of another under any contract of hire, express or implied, oral or written."

An *employer* is defined as "an individual, partnership, association, corporation or other legal entity, or any two or more of the foregoing engaged in a joint enterprise, and including the legal representatives of a deceased employer, or the receiver or trustee of an individual, partnership, association or other legal entity, employing employees. However, the owner of a dwelling house having not more than three apartments and who resides therein, or the occupant of the dwelling house of another who employs persons to do maintenance, construction or repair work on such dwelling house or on the grounds or building appurtenant thereto shall not because of such employment be deemed to be an employer."

MGL chapter 152, §25C(6) also states that "every state or local licensing agency shall withhold the issuance or renewal of a license or permit to operate a business or to construct buildings in the commonwealth for any applicant who has not produced acceptable evidence of compliance with the insurance coverage required." Additionally, MGL chapter 152, §25C(7) states "Neither the commonwealth nor any of its political subdivisions shall enter into any contract for the performance of public work until acceptable evidence of compliance with the insurance requirements of this chapter have been presented to the contracting authority."

#### **Applicants**

Please fill out the workers' compensation affidavit completely, by checking the boxes that apply to your situation and, if necessary, supply your insurance company's name, address and phone number along with a certificate of insurance. Limited Liability Companies (LLC) or Limited Liability Partnerships (LLP) with no employees other than the members or partners, are not required to carry workers' compensation insurance. If an LLC or LLP does have employees, a policy is required. Be advised that this affidavit may be submitted to the Department of Industrial Accidents for confirmation of insurance coverage. **Also be sure to sign and date the affidavit.** The affidavit should be returned to the city or town that the application for the permit or license is being requested, **not** the Department of Industrial Accidents. Should you have any questions regarding the law or if you are required to obtain a workers' compensation policy, please call the Department at the number listed below. Self-insured companies should enter their self-insurance license number on the appropriate line.

### **City or Town Officials**

Please be sure that the affidavit is complete and printed legibly. The Department has provided a space at the bottom of the affidavit for you to fill out in the event the Office of Investigations has to contact you regarding the applicant. Please be sure to fill in the permit/license number which will be used as a reference number. In addition, an applicant that must submit multiple permit/license applications in any given year, need only submit one affidavit indicating current policy information (if necessary). A copy of the affidavit that has been officially stamped or marked by the city or town may be provided to the applicant as proof that a valid affidavit is on file for future permits or licenses. A new affidavit must be filled out each year. Where a home owner or citizen is obtaining a license or permit not related to any business or commercial venture (i.e. a dog license or permit to burn leaves etc.) said person is NOT required to complete this affidavit.

The Office of Investigations would like to thank you in advance for your cooperation and should you have any questions, please do not hesitate to give us a call.

	YES	NO
24. Is the electrical system and other equipment in good working condition?		
25. Are the extension cords in good condition?		
26. Is the electrical system, including extension cords, in accordance with the electrical code?		
FUEL AND POWER SOURCES - GENERATORS	YES	NO
27. Are generators laced at least 10 feet from buildings, other vehicles, or combustibles?		
28. Are generator exhausts directed away from the mobile cooking vehicle, vehicles, buildings, structures, exits, and openings?		
29. Are generators protected from contact by the public?  Please explain:		
30. Are fuel supplies safely stored?  Please explain:		
24 When refueling and the connection short decomposition and the refuel of 2		
31. When refueling, are the generators shut down, engine cooled, and then refueled?	ш	
FUEL AND POWER SOURCES – SOLID FUEL	YES	NO
		NO
FUEL AND POWER SOURCES – SOLID FUEL	YES	

# MOBILE FOOD ESTABLISHMENT INSPECTION CHECKLIST

### TIME FOR YOUR MOBILE FOOD ESTABLISHMENT INSPECTION - WHAT IS EXPECTED

Please utilize the checklist below to assist you in preparation of your mobile food establishment inspection.

MOBILE FOOD ESTABLISHMENT MUST BE IN A CLEAN AND SANITARY CONDITION AT TIME OF INSPECTION – If establishment is not clean, the inspection will be re-scheduled and a re-inspection fee of \$50.00 will be required before a permit is issued.

Establishment must be operational at time of inspection – including refrigeration – refrigeration temperatures will be checked. Please arrive early enough to get your M.F.E. in full operating condition prior to your scheduled time inspection.
Food Permit MUST be posted immediately upon receipt and remain posted at event
Food Manager certificate MUST be posted – Food Manager must be on-site at event
Allergen Awareness certificate MUST be posted
Allergen signage <u>MUST</u> be posted "Before placing your order, please inform your server if a person in your party has a food allergy."
All hand-wash sinks must be supplied with hot water, liquid soap, paper towels, trash container, and signage indicating hand-washing only at the sink.
Hot water must be provided and must meet minimum temperature requirements. (100° F - 130° F)
Sanitizer on site – able to test (test strips available)
Gloves on site
Food product thermometers on site
If inspection occurring at event – receipts for food shall be made available to the inspector
Water tank capacity
Wastewater tank capacity
Proper certifications for ansul/hood systems (Fire Department inspection may be required)
Fire extinguisher on board - recently inspected.
