Tom Ryder – Board of Health Engineer

Location – Board of Health Office– 18 Main Street, Mendon, MA 01756

Chris Lanoue from ADC Septic came before the Board to discuss the recent adopted addition to Title V. His main concern was not allowing a homeowner to choose the inspector to do the work. The Board explained that if the property owner wanted the inspector to do the work, they could request a waiver or variance from the regulation. The Board and Mr. Lanoue had a good conversation and both sides had a better understanding of each other. Mr. Lanoue asked if the Board will have some kind of form letter that Title V Inspector's can use to help the property owner. The Board thought it was a great idea and will have Tom Ryder and Missy work on one.
