

Town Forest Committee

Minutes of June 13, 2016

Meeting called to order at 1710hrs. Present were Sue Barnett, Ryan Oliva, Paul Doucette, and Bill Dakai.

Minutes from prior meeting were read and approved.

Beaver dam discussion. Gentleman from Beaver Solutions has looked at area and given us a quote for \$2000. Unknown where financing will come from at this juncture. Mike Salvador has volunteered to do it himself but will not pay to have it done – his is the only property affected by said dam. Anne Mazar is writing a letter to ConCom explaining the situation and we will await their advice.

Alan Tetrault has declared the tree that hangs out over the road needs to come down. He will get estimates for removal and get back to us. Ryan motioned amount up to \$1200 for tree removal, Paul seconded, approved unanimously.

A time was set for the Discovery Walk on October 15 – 1000hrs. Sue will contact Dan Byer with this info.

We next looked at kiosk plans drawn up by Ryan's wife. Bill and Sue will take a trip to Home Depot for the necessary supplies. Bill will also contact Mike Tetrault to dig footings.

Signage for approach to parking lot was discussed – we will seek Alan's advice for wordage and decide next meeting.

Meeting adjourned 1807hrs.
